HOW MUCH SPACE DO YOU NEED?
Contact your local Acclarent representative or
call us at 1-877-775-2789 for more information.

The RELIEVA TRACT™ Nasal Balloon Dilation System is an instrument intended to provide increased intranasal space to facilitate access for endonasal and transnasal procedures and/or temporarily address nasal obstruction by displacing the inferior turbinate and lower nasal septum.

The RELIEVA TRACT™ Nasal Balloon Dilation System is intended for use in ages 17 years or older.

CAUTION: Federal (U.S.A.) law restricts this device to sale by or on the order of a physician.

Balloon dilation catheters should be used by or under supervision of physicians thoroughly trained in balloon dilation. A thorough understanding of the technical principles, clinical application, and risk associated with balloon dilation of the nasal passage is necessary before using this device.
