Introducing **FAM**: Fast Anatomical Mapping

Experience a robust, real-time imaging tool for evaluating surgical changes to the anatomy.
Introducing **FAM**: Fast Anatomical Mapping

Acclarent Navigation Technology is intended for use by or under the direction of a physician. Devices guided by the Acclarent Navigation Technology have described risks including the potential for unintended injury to the orbits or CNS as a consequence of inaccurate navigation. Prior to use, it is important to read the Instructions for Use and to understand the registration process and the contraindications, warnings and precautions described for the system.

Caution: Federal (US) law restricts the sale, distribution or use of these devices to, by or on the order of a physician. Third party trademarks used herein are trademarks of their respective owners. This content is intended for audience within the US only.
