Powering Transformations

Over the last 20 years, Ethicon has contributed more to advancing bariatric surgery and the science and treatment of obesity, than any other device maker.

Emerging Bariatric Trends & Procedures: Webinar Series

These one-hour webinars will give you the opportunity to hear and connect with key thought-leading healthcare professionals to discuss bariatric trends and emerging procedures. This series of webinars on emerging trends and procedures will focus on strategies, techniques, and methods with the objective of enhancing patient care and outcomes. All healthcare professionals supporting bariatric programs are encouraged to participate.

Participants will gain a deeper understanding and knowledge of the educational resources available through the Johnson & Johnson Institute.
