Back Table Tips

Proximate® Reloadable Stapler (TX)

Note: Do not remove staple retaining cap from staged reloads until ready to install. This prevents the possibility of nuisance lock-outs and firing issues due to mixing of used and unused reloads.

Pre-Loaded Instrument

Pre-loaded instrument (out-of-box) and staged reloads with staple retaining caps on.

Pre-loaded instrument (out-of-box) and staged reloads with staple retaining caps removed.
