

Simply smart performance

Optimize energy delivery with the MEGADYNE™ Electrosurgical Generator

With robust functionality, a streamlined user-friendly design and proprietary technology for optimized energy delivery, the MEGADYNE™ Electrosurgical Generator is **the simple yet smart choice** for powering the core energy devices critical to performing surgery.¹

Simply smart **functionality**

- Provides multiple cut, coagulation, bipolar modes and power settings designed to **optimize the delivery of energy** for the targeted tissue
- Now with **Soft Coag, Auto Bipolar and GEM** (Geometric Electron Modulation) modes

Simple **user experience**

- 100% of nurses agreed the MEGADYNE™ Electrosurgical Generator is **easy to use**²
- Power displays are **easy to read** in multiple OR lighting conditions³

Smart **energy delivery**

- Designed to optimize energy delivery to **minimize tissue damage** through proprietary software and algorithms
- Provides **expected tissue effects**,⁴ appropriate dissection speed,⁵ appropriate hemostasis⁶ and the appropriate amount of thermal spread⁷

¹ MarketsandMarkets Electrosurgery Market Global Forecasts, 2014, page 48. ² 18 out of 18 (100%) nurses surveyed agreed following use of the generator in a preclinical assessment. Refer to Operator's Manual for full instructions for use. (127010-191105) ³ 16 out of 18 (88.9%) nurses surveyed agreed following use of the generator in a preclinical assessment. (127012-191105) ⁴ 32 out of 34 (94.1%) surgeons surveyed agreed following use of the generator in a preclinical assessment. (127014-191105) ⁵ 25 out of 25 (100%) surgeons surveyed agreed following use of the generator in a preclinical assessment. (127016-191105) ⁶ 33 out of 34 (97.1%) surgeons surveyed agreed following use of the generator in a preclinical assessment. (127017-191105) ⁷ 33 out of 34 (97.1%) surgeons surveyed agreed following use of the generator in a preclinical assessment. (127019-191105)

Ordering information

The MEGADYNE™ Electrosurgical Generator is the power behind **our expansive suite of Core Energy Solutions**. Let us configure a package to meet your complete OR surgical energy needs and help with your goal of enhancing OR safety.

MEGADYNE™ Electrosurgical Generator

ETHICON GEN11 Generator

MEGADYNE™ Smoke Evacuator

MEGADYNE ACE BLADE™ 700 Soft Tissue Dissector

MEGADYNE™ Telescoping Smoke Evacuation Pencil

MEGADYNE™ MEGA SOFT™ Universal Plus Reusable Patient Return Electrode

Description		Catalog #	Quantity
MEGADYNE™ Electrosurgical Generator		MEGEN1	1
MEGADYNE™ Mega Cart with Accessory Shelf		1300SJ	1
Monopolar Footswitch (3m cable)		1400JJ	1
Bipolar Footswitch (3m cable)		1450J	1
Round Bipolar Footswitch		1459J	1
Monopolar Adapter		96007	1

How to order

All purchase orders are made to Johnson & Johnson Health Care Systems, Inc. (JJHCS).

If you want to order direct, you may order electronically (online) at:

- <https://us.jjcustomerconnect.com> or 1-866-565-4283
- Electronic Data Interchange (EDI) Helpline: 1-800-262-2888

Or, to place a non-electronic (manual) order, contact Johnson & Johnson Health Care Systems, Inc. at 1-800-255-2500 between 8:30 a.m. and 6:30 p.m. (Eastern Standard Time) or fax us at 1-732-562-2212.

Customer support

For product use assistance, clinical guidelines, service and repair, emergency assistance, copy of a 510(k) clearance letter, or complaints, please contact our Customer Support Center by calling 1-877-ETHICON (384-4266). Our support center is staffed 24 hours a day, 7 days a week by qualified nurses to answer your product-related questions.
